### FOR WILSON MEMORIAL.

North Carolina Women to Organize to Honor President's Wife; Mrs. R. J. Reynolds is State President.

Mrs. R. J. Reynolds, State President for North Carolina of the Ellen Wilson Memorial, is making plans for the organization of committees of leading women of the State for the purpose of raising funds for the permanent memorial to the wife of President Wilson. It is hoped to have the movement endorsed by the State Federation of Women's Clubs, the Daughters of the American Revolution, the United Daughters of the Confederacy, the Colonial Dames, Church Societies, and other social and patriotic orders of women, as well as by individuals, and not only their endorsement, but their active co-operation in the movement.

The movement of the memorial, although it originated in the South, is national in its scope, and it is expected that before long women all over the country will be working for it and will make it one of the greatest enterprises of the sort ever undertaken by the women of this country.

### To Educate Mountain Youth.

When the matter of a memorial to Mrs. Wilson was laid before the President last summer by Mrs. B. I. Hughes of Rome, Ga., the town in which Mrs. Wilson was educated, suggesting that Mr. Wilson advise the form the memorial should take, he wrote expressing his appreciation and stating: "My own judgment would be that it would be best to raise a fund which should be an endowment interest of which should be used to pay the way through school of mountain boys and girls, because I know that this is what Mrs. Wilson would have done if she had had the means and opportunity. She was paying for the education of several herself from year to year. It might be called the Ellen Wilson Fund for the Christian Education of Mountain Youth."

### Idea Popular in the South.

The idea has become very popular throughout the South, and there have been a number of large contributions to the memorial.

The memorial has joined the National Federation of Women's Clubs, which formally indorses the project, and it will also probably be indorsed by the national organizations of the leading bodies of women in the country. After the assembling of congress in the fall a conference will be held in Washington, at which it is hoped to have present a president and chairman of committees from every State in the union, and several speakers of national reputation. At this conference it is expected plans will be made for an active national campaign in the interest of the memorial.

### Aims at Large Sum.

No definite amount has been set for the memorial fund, but it is expected that it will amount to a very large sum. The proposition is an undenominational one entirely, all the leading Christian denominations are represented in its administrative board.

Each State is expected to finance its own campaign and each will provide a contingent fund, by dues or otherwise, to defray the expenses of sending out literature, notices of meetings and other things that have to be done in connection with the campaign.

In appealing for gifts to the fund itself it will be made very plain that the entire amount will be invested intact; in fact, the charter provides that it shall be. To allow the central board and the State Presidents to take out expense money would cause uncertainty on the part of the prospective donors as to the amount this expense money would reach, and it has been determined that every gift shall go for the education of the children of the mountains, while a separate fund will have to be provided for administrative expenses.

### Women in Charge.

The administrative board of the memorial is composed as follows: Mrs. W. S. Elkin, chairman; Mrs. Preston Arkwright, vice chairman; Mrs. Thos. H. Latham, secretary; Mrs. Archibald Davis, treasurer; Mrs. Hoke Smith, Mrs. Boling H. Jones, Mrs. Frank S. Ellis, Mrs. Nellie Peters Black, Mrs. Harris E. Kirk, Mrs. Robert L. Firemen, Mrs. B. L. Hughes, Mrs. B. B. Wey, Mrs. Samuel M. Inman, Mrs. W. M. Moore, Mrs. John B. Knox, Mrs. Charles P. Crawford, Mrs. James S. Akers, Mrs. Seaborn Wright, Mrs. Philip Weltner, Mrs. Hugh Bancker, and Mrs. Alfred E. Buck.

Mrs. Thomas R. Marshall, wife of the vice president of the United States, is honorary president of the organization, while the honorary vice-presidents are Mrs. William Jennings Bryan, Mrs. Lindley M. Garrison, Mrs. Thomas W. Gregory, Mrs. Albert S. Burleson, Mrs. Josephus Daniels, Mrs. Franklin K. Lane, Mrs. David F. Houston, Mrs. William C. Redfield and Miss Agnes Wilson.

The State presidents who compose the memorial committee are as follows: Mrs. John B. Knox, Anniston, Ala.; Mrs. Fred Allsop, Little Rock, Ark.; Mrs. Thomas P. Denham, Jacksonville, Fla.; Mrs. H. C. Cunningham, Savannah, Ga.; Mrs. Edmond S. DeLong, Lexington, Ky.; Miss Ella F. Hardie, New Orleans, La.; Mrs. David Festress, Memphis, Tenn.; Mrs. E. T. Rotan, Waco, Texas; Mrs. W. C. Marshall, Staunton, Va.; Mrs. Stuart W. Walker, Martinsburg, W. Va.; Mrs. Harris E. Kirk, Baltimore, Md.; Mrs. Carlton H. Alexander, Jackson, Miss.; Mrs. Wade Childress, St. Louis, Mo.; Mrs. R. J. Reynolds, Winston-Salem, N. C.; Mrs. Kibben Warren, Shawnee, Okla.; and Miss Euphemia McClintock, Columbia, S. C.

### BACK FROM VACATION.

Judge of Probate Bryan Returns From North Carolina. Judge of Probate George D. Bryan has returned, after spending a four weeks' vacation at Flat Rock, N. C., greatly improved in health. Judge Bryan says that he is feeling fine and enjoyed his stay in the mountains, but, as usual, was mighty glad to get back and was at his office in the Fireproof Building yesterday. News & Courier.

Use Larabee's Best Flour. 9-3-4tc

### REGISTER COOKS AND NURSES.

Why Not Register Cooks and Nurses With Washerwomen?

A number of cities and towns in North Carolina have passed ordinances relative to the registering of washerwomen. The ordinances, in most cases, demand that all washerwomen shall have certificates of good health and shall furnish sanitary premises and paraphernalia for doing their work.

But this bit of sanitary legislation is being protested against by the housekeepers, not that it is deficient in itself but that its scope is too narrow to be effective. If infection is going to be kept at its source and not allowed to spread to homes and to other individuals, which seems to be the purpose of the ordinance, why not include the registry of cooks and nurses? They are quite as, or more, important as disease spreading factors.

Said one lady, recently, speaking on this subject: "Of four servants I employed consecutively three had infectious diseases. Two were consumptives and another had even a worse disease. For quite a while each kept her symptoms concealed and, taking it altogether, my family was exposed for weeks to these terrible diseases."

There is no doubt but that nurses, cooks and washerwomen do directly expose innocent families to contagious diseases. There's no greater source of dangerous and infectious diseases than a careless, ignorant cook. If she has a mind to, she may pass many infectious germs across the board to the unsuspecting family. We are not pessimistic enough to believe that there are many such, but we know that such has been the case in a number of instances. Oftentimes they themselves are not aware of their condition. For instance, Typhoid Mary and Typhoid Anna. Eleven cases of fever occurred in the three families in which Anna was employed all within two years. She herself did not know that she was a "carrier" until she was suspected and examined. Yet the intimate terms of the cook and the family are apparent.

A certificate of health for the cook, nurse or washerwoman would not only protect the employer's family but it would be a means of obtaining better health on a higher standard of service for the employed. Furthermore, it would be a means of protection against unfairness, on both sides.

### FREE EXAMINATIONS AT THE STATE SANATORIUM

Doctors Work Overtime; Capacity Crowded.

The State Sanatorium for the Treatment of Tuberculosis, under the authority of the State Board of Health, makes free examination for tuberculosis for all persons who so desire and who present themselves at that institution. Heretofore, there has been no restrictions as to the day and hour the public receive this free service but owing to the large number of people from all over the State who are now taking advantage of these services, a few restrictions have become necessary.

Instead of patients presenting themselves at all times and hours during the day and night, they are requested to write to the State Sanatorium, Sanatorium, N. C., and make an engagement, as only the morning hours of the day will be given to the work. Other wise, persons may find on arriving the day full before them which will necessitate their returning home and making another trip.

### SECOND CAMPAIGN PROGRESSES.

Over 22,000 Vaccinated; Third Campaign Ready to Launch.

The fourth week of the second anti-typhoid State and county campaign reports 22,384 as the total number of persons in the five counties taking the vaccine treatment. Halifax is still leading with a number of 7,736 with Iredell following with 6,834. Next in line is Wilson with 3,601 followed by Edgecombe, 2,118 and Wayne 2,095.

It is gratifying that the interest in this line of public work is not waning though summer with its hot weather and flies, the season when infection is considered greatest, has almost counted the sands.

What may be termed the third State and county anti-typhoid campaign is ready to start in Warren and Craven counties. September 13 will launch the movement in these counties in full force and order.

It is expected that the end of next week will show a total number of complete immunizations or three treatments for the second campaign amounting to near 25,000. Lee county's total of three complete treatments will be included in this number.

### SOUTHERN HAS INCREASED ITS FREIGHT FACILITIES.

Atlanta, Ga., Sept. 8.—Showing its faith in an early revival of business throughout the South, Southern Railway Company is increasing its supply of high class box cars to be used in the movement of crops and the general distribution of merchandise which is offered for shipment in normal fall seasons.

One thousand old cars have recently been rebuilt and converted into modern steel underframe cars, the work being done at the various company shops throughout the South and at the Lenoir Car Works, Lenoir City, Tenn., and another thousand will be put through the same process in time to aid in the fall crop movement.

During the past year 3,250 new steel underframe box cars were acquired which with the cars being rebuilt will give Southern Railway over 5,000 new box cars of heavy capacity and modern design, a substantial proportion of the total number of box cars it owns.

Don't buy soft wheat flour because you think it is cheaper. If you just wish to fill up a hole, sand or sawdust is cheaper and lasts longer. Larabee's Best Flour contains twenty-five per cent more nutrition than soft wheat flour. 9-3-4tc

### NORTH CAROLINA WOMEN ORGANIZE FOR CO-OPERATION.

The North Carolina Farm Women's Convention, which was recently in session in Raleigh, was most interesting and profitable. I wish every one of you women might have been there. The keynote of the convention was co-operation.

It was a wonderful convention; not in size, but as indicating the growth of country women as individuals interested in home in its broader sense. It was splendid to see those women standing on their feet telling of conditions in their countries clearly and without embarrassment; women who a few years ago would have been absolutely overcome with confusion at the thought of even rising to their feet in meeting. Yet there they were, self-developed leaders of women, each doing a fine work.

The women have been attending this convention for years as individuals, but this year they formed a permanent federation. The name chosen for the organization was "The North Carolina Federation of Rural Women." At first they thought of saying "Rural Organizations" instead of rural women but feared that might exclude the individual worker. The object of the federation "shall be to bring together all women interested in rural welfare." Could anything be finer?

Some of the subjects discussed by women were "Community Welfare"; "The Work of Rural Clubs in Sampson County"; "A Model Community"; "Co-operative Marketing for Women"; "Is Country Produce Satisfactory to City Customers? If not, Why Not?"; "Demands of Northern Markets"; and "Co-operation of Town and Country Women." There was also a demonstration in preserving figs for the city markets.

### LOOK OUT!

Vigilance and watchfulness insure safety.

To avoid danger, adopt the safe course.

Many eyes were saved last year by the wearing of goggles. Let us save them all this year.

It is a safe proposition that "We can't all be president of these United States," but we can all "boost for safety."

You have read the newspaper advertisement which starts like this: "I am for men." That is the idea of the safety departments. And it wants to include all men, too.

You cannot afford to take a chance. Play safe.

Acquire the safety habit. It is the only habit that will never injure you. Haste makes waste, and may cause an accident.

"Most men who are crippled in business have a lame excuse" has been quoted by some attorneys as the truth. But what is the use of being crippled if we can be safe?

Let us all be safety inspectors. Report unsafe places to your foreman or to the safety department.

Put your soul in your work, not your hand or your foot.

### THE CARPENTER'S SON.

(By Annie Johnson Flint.)

The little shop at Nazareth,

The peaceful life for which it stood,

The clear, strong, ringing hammer-strokes,

The droning saw, the riven wood,

The murmur of the smoothing plane,

The scent of shavings, freshly curled,

When Thou hadst left them all behind,

And gone Thy way into the world,

Where men would hate Thee and revile,

And one betray Thee with a kiss,

And one deny, and all forsake—

Was there one added pang in this—

That tools of Thy familiar craft

Should be the things that wound

Thee

The hammer and the driven nail—

The wood of that accursed tree?

Ah no! Thou Crowned and Crucified,

Thou Power of God that seemed to fail!

'Twas not of wood Thy cross was made,

'Twas not the hammer and the nail

That drove the blows and fixed Thee there,

And pierced Thy hands and feet at last!

Man's hatred and man's sins the cross,

And love—Thy love—that held Thee fast.

—Exchange.

### INTERESTING STORY OF STRANGE INSCRIPTION ON A TOMB.

(Monroe Enquirer.)

"When I come, 'I'll come whistling!' That sentence is carved on the marble slab at the head of the grave of an old colored man in a cemetery near Lancaster, S. C. The story of the strange inscription is that the old colored man whose tombstone bears it was a trusted servant in the home of Attorney John T. Green's father in the days of slavery, and was the family carriage driver. When Sherman's army made its raid this servant was told by the federal soldiers one night that he must go to Lancaster and he went and told his mistress. She told him that he was the only man on the place and she was sick and needed him to look after the household. The faithful servant replied, 'If I don't go dey will kill me, but I'll be back dis night. I'll give away from 'em dis night, and you will know when I get here, for when I come I'll come whistling.' Mrs. Green says that at 3 o'clock in the morning she heard her faithful old servant coming through the ward and he was whistling as loud and as cheerfully as if peace covered the land and the sun was shining in mid-heaven. Mrs. Green often related the story in years after the war and she said that the whistle of that old colored man was the sweetest music she ever heard."

The former owners of the faithful old servant buried him. Attorney J. T. Green delivered an address at his funeral the headstone at the grave was erected by the Green family and at the suggestion of a member of the family the inscription quoted was carved on it.

### JURY LIST FOR COMING TERM OF SUPERIOR COURT.

#### First Week.

### SNAKE IN A STRAW MATTRESS.

Suppose you knew that in the straw mattress under the comfortable feather bed on which you were sleeping there was a snake crawling around in the straw, you would not sleep very comfortably, would you? If you knew nothing about the snake being in the mattress, why would you do just as the folks who slept over the live snake did sleep, sound and comfortable. A lady in this county, who is one of the best housekeepers ever and whose beds are noted for their softness and comfort, told one of the boys a few days ago to take a certain straw mattress out, take all the old straw out of it and go out to where the threshing had just been done and to fill the mattress with clean, fresh straw. The boy obeyed orders and in putting in the straw he put in a live snake, long as his arm or longer. The mattress was sewed up, put under a fluffy feather bed and for a number of nights people slept on the bed and that snake wriggled and squirmed trying to get out of his cloth prison, but the ones sleeping on the bed did not even dream of snakes. The reptile was not found until after he was very dead.—Monroe Enquirer.

### GERMANY BIDS 15 CENTS PER POUND FOR COTTON.

Berlin, Sept. 8.—Via London.—German cotton men are taking up earnestly the plan to purchase American cotton. They sent a wireless to the German consulate in New York Aug. 31 to buy 1,000,000 bales at 15 cents per pound on delivery in a German harbor. The message was signed by the Deutsche, Dresdner and Disconto Banks of Berlin, and the National Bank of Bremen.

The intending purchasers, through the President of the Bremen chamber of commerce, have assured the consulate and the embassy at Washington that they were in a position to provide adequate guarantees that the cotton would not be used for military purposes but purely industrially. They added, as substantiation, that the military and naval authorities have on hand cotton enough for over two years, and that cotton for explosives is not included in this, as new processes have enabled the government to dispense with the use of cotton in making explosives.

Washington, Sept. 8.—Senator Hoke Smith of Georgia announced today that he had received a cablegram from Baumanwall Import Gesellschaft at Berlin stating that guarantees to take a million bales of American cotton at 15 cents a pound, to be used exclusively for civil purposes in Germany, had been deposited with the American consul.

Senator Smith said that he knew nothing of the importers who sent him the cable. Delivery of the cotton to Germany would be impossible so long as the allies continue to enforce their Orders in Council against commerce with Germany.

### SOUTHERN MAKING BETTER TIME WITH PASSENGER TRAINS.

Atlanta, Ga. Sept. 4.—Of the 175,465 regular passenger trains operated by Southern Railway during the fiscal year, ended June 30th, 155,536, or 89 per cent, made schedule time and 146,288, or 83 per cent, were on time at all stations.

During the year 149,100 strictly local trains were operated and of these 133,866, or 90 per cent, made schedule time while 127,622, or 86 per cent were on time at all stations.

Of the 26,303 limited trains, nearly all of which cover long distances, are handled by other lines in connection with Southern Railway. 21,744 or 83 per cent made schedule time while on the Southern Railway and 18,637 or 71 per cent were on time at all stations.

Corby Baking Co., Washington, D. C., manufacturers of the famous Washington Bread are regular users of Larabee's Best Flour. There is a reason. "Turn this over in your mind." 9-3-4tc

### Disagreeable Calomel is Yielding to Pleasant Liv-Ver-Lax.

Physicians generally agree that the nauseating, unpleasant effects of calomel are due to the undesirably violent action it has on the system. For a long while various substitutes have been tried, but it was only recently that the really wonderful remedy, LIV-VER-LAX was prepared successfully by L. K. Grigsby.

LIV-VER-LAX has all the good, and none of the bad effects of calomel. It is a necessity in every home, always being ready to cleanse the sluggish liver and bile clogged system, with no unpleasant after effects.

LIV-VER-LAX is guaranteed to give satisfaction, or your money will be immediately refunded. Insist on the original bearing the likeness of L. K. Grigsby. For sale in 50c and \$1 bottles at
